

Burns Healed Without Leaving A Scar

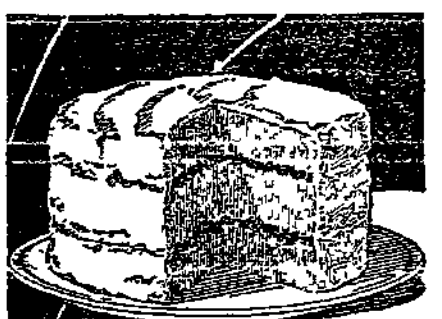

My sister was burned last winter when putting coal oil on a deadened skin. We used nothing but San Cura and didn't even have a physician and it almost an incredible short time her face was perfectly healed without a scar. It is the finest thing for burns that I have ever seen. Have also used it for other things. Just lately an infected toe and immediately it was healed.—Hattie S. Pitts, 18 Iowa Circle, Washington, D. C. Try San Cura Ointment for Old Sores, Piles, Eczema, Cuts, Bruises and Chapped Skin. It gives quick relief, soothes the pain and draws out poison, or money back, 30c and 60c. Try San Cura Soap for banishing Blackheads, Pimples, and clearing the complexion. 25c, at Hennings Drug Store.

NERVOUS, RUN-DOWN MOTHERS

Worn Out Caring for Children and Housework—See how Lydia E. Pinkham's Vegetable Compound Helps

Indianapolis, Indiana.—"I was in a very nervous and run-down condition while nursing my baby, and hearing some talk of Lydia E. Pinkham's Vegetable Compound, I began taking it. From the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."—Mrs. Anna Sauer, 541 W. Norwood Street, Indianapolis, Indiana.

The important thing about Lydia E. Pinkham's Vegetable Compound is that it does help women suffering from the ailments common to their sex. If you are nervous and run-down and have pains in your lower parts and in your back, remember that the Vegetable Compound has relieved other women having the same symptoms. For sale by druggists everywhere.

COMMUNITY FIRES

(Continued from First Page)

paratus, and the water in cisterns and wells was used effectively.

Efforts of the firemen were centralized for a time on the Lewis home, as it was realized if the flames ever got beyond control in it, others would have been consumed despite the efforts of the volunteers and firemen.

Traveling east on the National pike, the homes destroyed were located on the right hand side of the highway, in the dip in the road, which is slightly more than half way through the village.

As news of the fire spread, persons flocked to the little town from all the surrounding area, hundreds being attracted to the scene of the blaze. Many joined with the villagers and firefighters from six towns in an effort to stay the progress of the blaze.

Except for household effects and machinery in the Horton building, most of the personal effects of the occupants of the dwellings were saved. The Horton and Webber properties were two stories in height with basement kitchens and cellars. All the household goods were removed from the Lewis home and also the contents of the village were found in their homes.

The fire started about 3:30 o'clock and burned with such fury that it caused all the damage in a period of approximately 15 minutes. The village of the village were found in their homes.

The fire departments which responded to their calls for help and the labor work of volunteers, which saved the town from a much greater damage and loss.

The Lewis home, a small one-story frame building, situated on the corner of the village, was the Webster Pavedale road, burned to the ground this morning at 10 o'clock. The building, which was valued at \$2,000 is a complete loss.

Together with all its contents, books and all supplies for the school and Sunday school, which is held in the building, were destroyed.

This morning shortly before 6:30 o'clock, Benjamin Sadler son of Mr. and Mrs. John Sadler, residing near the school and who has been taking care of the fire during the winter, went to the school house and built the fire as customary. The boy then returned home for his breakfast and was just seated at the table when the fire was discovered leaping from the windows of the school building.

The Belle Vernon Fire department was summoned and they responded immediately. Because of lack of water and great headway the fire burned before discovery, it was impossible for the firemen to save the burning structure.

UNEQUALLED FOR LAWN AND GARDEN.

Wizard Sheep Manure is the most dependable and effective lawn and garden manure. It produces a thick, velvety green lawn that will withstand the summer drought. In the flower garden it causes increased growth and really green foliage and vivid colored flowers. It is easily applied by anyone and is recommended by landscape gardeners because it always produces wonderful results.

In making new lawns, pulverize the surface soil well and broadcast at the rate of 6 to 10 pounds per 100 square feet, raking well into the surface soil. Sow seed and roll.

For renovating all lawns, use 6 pounds per 100 square feet and rake into the surface soil previous to sowing seed.

For garden planting mix a small handful with the soil when planting each bulb and plant larger amounts for trees and shrubs. Small applications raked into the soil after plants are up will prolong the blooming period and insure strong healthy growth.

For making potting soil—mix thoroughly one part of Sheep Manure with six parts of soil.

Liquid Manure—for house plants and window boxes is made by mixing one pound of Sheep Manure in 5 gallons of water. Use twice weekly.

GRANT'S HARDWARE.

Ivory is the most popular shade of enamel this year. Makes a wonderful finish for any room.

NOTICE TO BRIDGE CONTRACTORS.

Scaled proposals for the construction of the following County Bridges, will be received by the County Commissioners at the office, Court House, Washington, Pa., until 12 o'clock noon, April 23rd, 1924, and opened at 1:30 p. m. the same day. Plans, specifications and proposal blanks may be secured at the County Engineer's office in the Court House.

CRANE BRIDGE, CHARTIERS CREEK NO. 27, is to be reinforced with 60 foot span and 20 foot roadway.

VENICE BRIDGE, MILLER'S CREEK NO. 6, is to be a plate girder bridge of 53.5 foot span and 23 foot roadway.

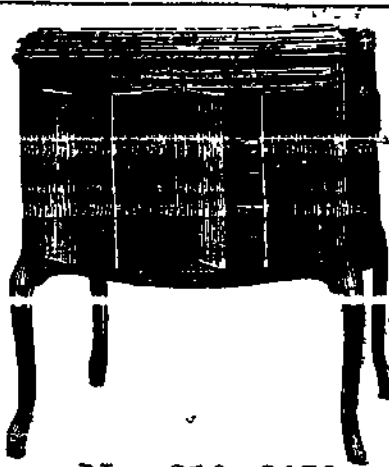

AVELLA BRIDGE, CROSS CREEK, NO. 16, is to be a plate girder bridge of 67.5 foot span and 20 foot roadway.

WEST BRIDGE, PIKE RUN NO. 15, is to be a reinforced concrete arch of 60 foot span and 20 foot roadway.

GAMBLE BRIDGE, CHARTIERS CREEK NO. 18, is to be a reinforced concrete arch of 60 foot span and 20 foot roadway.

A certified check in the sum of \$500.00 must accompany each bid, and the right is reserved to reject any or all bids.

T. J. UNDERWOOD, County Controller.

"BEFORE we had these walls Dresdenized everything in the room seemed out of harmony. Our painter suggested we coat the walls with one of the many soft-toned shades of Dresden Flat Paint, and now this is one of our prettiest rooms."

Lawrence Dresden Flat Paint is the most beautiful wall paint ever made. Applied on new or old walls, on wood, metal, wallboard, burlap or window shades it makes a pleasing, harmonious appearance.

Dresden Flat Paint is easy to clean, low in cost and not affected by water, heat or cold.

Your paint or hardware dealer can show you a wide variety of soft-toned Dresden tints, a shade for every room in the house. Ask for free color card.

STUDEBAKER LIGHT-SIX TOURING CAR

\$1045

Mark This Example of what Studebaker alone can do

STUDEBAKER is the world's largest maker of quality cars. Our assets are \$20,000,000. We have \$20,000,000 in model plants.

Our sales have almost tripled in three years, because of our matchless values. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

Come and learn why

Come and see, before you buy a car, the reasons for this success. See this Light-Six Touring Car, for instance.

Built of the finest steels. Of the very same steels we use in the costliest of our cars. On some we pay makers 15% premium to get just the quality specified.

Built under an engineering department which costs us \$300,000 yearly.

Each car subjected in the building to 32,000 separate inspections. Same steels, same workmanship as in the costliest Studebaker models.

Two great features

There are many features in this Light-Six found in no rival car. But we want to mention two in particular.

The motor is perfectly balanced. That means long life and freedom from vibration.

The reason is this: We machine all surfaces of our crankshafts and connecting rods by 61 operations. Just as was done in Liberty Airplane

Motors. This is done in no other car at our prices. Then we use more Timken bearings in this car than are used in any competitive car within \$1,500 of our price. And Timken bearings take up wear as no other bearings do.

Why this price?

This Light-Six Touring Car is priced at \$1,045. Built under ordinary conditions such a car would cost you from \$200 to \$400 more.

But we build 150,000 cars per year. We make our own parts. We build our own bodies in \$10,000,000 body plants. We have 12,500 up-to-date machines. Our major costs are divided by enormous output.

The result is a value no other maker even tries to match in a fine car of this size. Come see what it means to you.

Send for the Book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon now.

How It Excels

Steels are identical with the steels in the costliest car we make.

More Timken bearings than in any competitive car within \$1,500 of its price.

Genuine leather cushions, 10 inches deep. Curled hair filling.

All-steel body.

One-piece windshield—rainproof.

Attractive cowl lights.

Quick-action cowl ventilator.

Non-skid cord tires.

Transmission and ignition locks.

Perfect motor balance.

The supreme car of its class.

Send coupon for book about it.

STATEMENT OF OWNERSHIP.

Management, circulation, etc., required by the Act of Congress of August 24, 1912, of The Charleroi Mail, published daily at Charleroi, Pennsylvania, for April 1, 1924.

State of Pennsylvania, County of Washington.

Before me, a Notary Public in and for the state and county aforesaid, personally appeared H. E. Price, who being duly sworn according to law, deposes and says that he is the manager of the Charleroi Mail, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management and circulation of the aforesaid publication for the date shown in the above caption.

That the name and address of the publisher, editor and manager are: Publisher, Mail Publishing Company, Charleroi, Pa., Editor, L. L. O'Kane, Lock No. 4, Pa., Business Manager, H. E. Price, Charleroi, Pa.

That the owners are: S. W. Sharpnack, Charleroi, Pa.; E. C. Niver Estate, Charleroi, Pa.; Wm. C. Walters, Charleroi, Pa.; H. E. Price, Charleroi, Pa.; and Tom P. Sloan, Charleroi, Pa.

That the known bondholders, mortgagees, etc., are none.

That the average number of copies of each issue of this publication preceding the above date was 2063.

H. E. Price, Business Manager.

Sworn and subscribed before me this 2nd day of April, 1924.

George W. Risbeck, Notary Public.

Happiness.

The only happiness a brave man ever troubled himself with asking much about was happiness enough to get his work done.

Parking Space.

Just Tunkins says, "Early to bed and early to rise," is the only hope of a man who wants parking space when he gets to town.

Colds Infectious; Germs Tiny. Common colds are infectious and are due to a germ so small that it cannot be seen under a glass magnifying 1,500 times.

RAY OF SUNSHINE.

At last a ray of sunshine has peeked through the clouds of inaction that have hovered over Washington for the past four months. The Senate Committee on Finance in charge of the bill to reduce taxes has declared that it will shortly report that measure to the Senate. Just whether this bill will get past the Democrats without being choked to death with amendments is another question. This speeding up is the result of President Coolidge telling Congress that something had to be done. It is well known in Congress that the President is tired of delays and that he demands action from now on.

support of President Coolidge is the Child Labor law. He holds that children have a God-given right to go to school and get an education and that they should not be permitted to work while at a tender age. Massachusetts, of which Coolidge was at one time Governor has one of the best Child Labor laws in the world. There is little doubt, however, that the Democrats in the Senate will use every endeavor to defeat this measure. The opposition will come from those who would impound in economic slavery the childhood of the nation.

The latest bit of sensationalism was the testimony of Al Jennings, former train robber and bandit, who stated that Jake Hamon paid a million dollars to have Harding nominated. Washington is wondering if any witness, before any committee, will ever testify to what a living person has said; telling what a man, who is in his grave, is alleged to have said seems to be the favorite stunt of many of those who have appeared in the Capitol.

POLITICS AND GERMANY

Many Americans will be inclined to doubt that charity was the sole motive behind the action of the House in voting ten millions for the relief of needy women and children in Germany, according to the New York Times, which adds: "They may discern a bid for hyphenated votes in a campaign year. The American people are not altogether convinced that the need in Germany is comparable with the suffering which it has helped to alleviate in other parts of Europe and it has its serious doubts whether the more fortunate Germans have responded to the needs of their own countrymen according to their own ability."

However that may be, what chiefly interests Germany at present, it would seem, is preparation to repudiate the findings of the Daves committee of experts. A prominent German long since frankly stated that his people did not understand that they were beaten in the war. Their idea seems to be that they merely stopped whipping the Allies and quit because they were tired. Evidence indicating such a state of mind in Germany, and showing that the war was unwisely ended too soon for the accomplishment of its purpose, has been accumulating ever since the armistice. It is worthy of note, further, that on this side of the Atlantic, the chief interest of the Steuben Society, successor of the German-American Alliance, appears to be hyphenism for political purposes. Through its spokesmen, in connection with the demand for control of the Herkimer homestead, it is reported as openly holding that German-Americans and other hyphenates are entitled to political representation on racial grounds—a policy obviously tending to make this country the prey of all the hates and jealousies of Europe.

Chance for a Comeback.

It may be true that the old home ain't what it used to be, as the song says, but some of its glory could be recovered if the girls would learn how to make real pie.—Wabash Times-Star.

Gold at Bottom of Sea.

It is estimated that a total of \$6,000,000,000 in gold went to the bottom of the seas during the four years of the World War, sent there by torpedoes and other disasters.

What They Think.

At the marriage altar they take each other for better or for worse. A little later he thinks it couldn't have been worse and she thinks she might have done better.

Man's Horsepower

Compared with other motors, a laboring man has been rated by French investigators as having about one-seventh horsepower and an efficiency of 30 per cent.

Sin Not Against Own Soul.

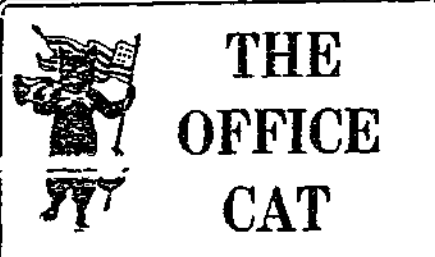

Never let a man imagine that he can pursue a good end by evil means, without sinning against his own soul. The evil effect on himself is certain.—Southern.

So I must be
An Irish stew.

"Do you stand back of every statement you make in your newspaper?" asked the timid little man.

"Why—er—yes!" answered the country editor.

"Then," said the timid little man, holding up the notice of his death, "I wish you would help me collect my life insurance."

Illinois woman has 12 husbands. Pennsylvania man has 22 wives. The two should be punished by marrying each other.

Another objection to the fire of patriotism is that it peters out before the bills are paid.

All pictures of skaters are graceful because the skaters are caught at just the right time. That's the way with all pictures of people photographed outside of police headquarters.

'Tis said an apple every day will keep the doctor far away.

I never could quite figure out, why doctors all were put to rout.

By anything so inoffensive; the problem makes me thoughtful, pensive.

Now, onions I could understand; few vegetables in all the land.

Have proved themselves so efficacious to keep the air around one spacious.

Though garlic to patrician noses an even greater power discloses.

If doctors ever pestered me, and hovered in proximity,

I think I'd eat an onion first, and if it should come to the worst

I'd kill the doctor with an ice-pick Before I'd touch the nasty garlic.

Poor Congress! It was so tired out getting ready to begin to do something that it just had to go home and rest.

"New suit? What color?"

"Any kind on which face powder will not show."

"Well, did you collect that bill from the Scatterguts?"

"No, sir," said the new collector.

"I saw a piece of crepe on their door and I didn't want to intrude on their grief."

"You go right back there and get the money. Those people hang a piece of crepe on their door the first of each month."

LATEST SONG HITS.

"In a Covered Wagon With You," by a Patrolman.

"I Never Miss the Sunshine," by an Umbrella Maker.

"Gee, Sister! Ain't It Hot?" by the Furnace Man.

"Last Night on the Back Porch," by the Milkman.

"Blossom Time," by a Florist.

"Cut Yourself a Piece of Cake," by a Baker.

"No, No, Nora," by a Daddy.

"Down on the Farm," by a Farmer.

"Love Tales," by a Sheikh.

"That Old Gang of Mine," by a Crook.

"Your Eyes Have Told Me So," by an Optician.

INFORMATION WANTED.

"I have brought this wedding present—"

to exchange it; interposed the clerk.

"No, merely to ask what it is."

Beauty may be only skin deep, but the girls who have it have the other girls skinned to death.

Some girls look for something other than good looks in men. Then they help them spend it.

CHARLEROI-----PA.

The Personal Side

Tom P. Sloan of North Charleroi is a business caller in Pittsburgh today.

W. H. Atkins and son of Brownsville, former residents of this place, visited in Charleroi last evening.

S. Ulens of Crest avenue left today for a few months' visit with relatives and friends in France and Belgium.

Mrs. John Wilkins is confined to her home in River Front street, North Charleroi, on account of illness.

Mrs. F. J. Myers of Oil City returned to her home yesterday after spending the week-end visiting with her sister, Mrs. W. F. Ludwig of Fallowfield avenue.

Mrs. Joseph Allfree has returned to her home in Lock hill from the Charleroi-Monessen hospital, where she underwent a serious operation. Mrs. Allfree is very much improved.

Mrs. Charles Martin of McKean avenue has returned to her home from the Charleroi-Monessen hospital, where she has been a patient for the past two weeks, having undergone an operation for the removal of the appendix. Her condition is very satisfactory.

**FEDERAL HEADS
CLOSE HOUSE**

Scranton, April 3—(United Press)—The bonded warehouse here owned by W. P. Joyce and used for storage of government whiskey has been ordered closed by federal authorities. It was believed the mysterious disappearance of more than 100 barrels of liquor during the past few months prompted the action.

Contents of the warehouse will be moved at once to a place more centrally located where it can be guarded more closely, officials said.

**LAFOLLETTE IS
AHEAD OF COOLIDGE
IN THE PRIMARY**

Milwaukee, April 3.—(United Press)—Senator Robert M. LaFollette today increased his lead over President Coolidge in the Wisconsin primary more than 80,000 in the returns from 1,192 of the 2,574 precincts. The count for each state of delegates stood: LaFollette, 150,109; Coolidge, 69,983.

In the Democratic returns, Governor Al Smith had a lead of approximately 13,000 over William G. McAdoo in the count from 971 precincts. The count: Smith, 38,341; McAdoo, 24,932.

**EXPLOSION CAUSES
25 TO FLEE
FOR THEIR LIVES**

New York, April 3—(United Press)—Twenty-five men working in the vehicular tunnel being built under the Hudson river fled for their lives today when a compressed air explosion blew a hole in the tunnel roof and let in the river.

Everyone escaped, and engineers commenced forcing the water from the workings. Work cannot be resumed for three days.

**MAN AND WOMAN
PERISH IN A FIRE**

Lenoir, North Carolina, April 3—(United Press)—The bodies of a man and woman has been taken from the ruins of a wing of the Broad Oak sanitarium at Morgantown, near here following a fire today.

The blaze broke out at 4:30 a. m. and destroyed the north wing and part of the east wing of the sanitarium where 40 patients were sleeping. Firemen and others working about the building, said they expect to have additional bodies. The checkup of the patients has not been completed. Officials of the sanitarium were unable to say how many persons were missing.

The origin of the fire has not been determined. Damage to the building was estimated at \$50,000.

**BIT BY DOG, BABY
STILLMAN WILL RECOVER**

New York, April 3—(United Press)—Baby Guy Stillman, storm center in the Stillman divorce case, is recovering at the Stillman estate in Pleasantville today from a bite on the cheek inflicted by "Pepper," his big German police dog. The wound was at first thought to be serious, but Dr. Jones, who has been treating the child, says he will be out of bed and as good as ever in a day or so.

If you lost it, a Mail Classified Ad. gives you thousands of eyes to help find it.

In Society's Realm

The Polyanna society of the Christ Lutheran church will meet this evening at the home of Mrs. Robert Coulter, Jr., of Second street and Washington avenue.

This evening at the home of Miss Alice Craig of Shady avenue, the members of the Cinq Cent club will hold their regular bi-monthly meeting. An enjoyable evening is anticipated.

Mrs. John Deitz entertained at her home in First street, last evening the officers of the L. R. L. together with a number of friends. A very delightful evening was spent, after which a delicious luncheon was served by the hostess assisted by Mrs. Omer Fox.

The Anchor class will hold its regular monthly meeting in the Sunday School room of the First Christian church Friday evening, April 4. A covered dish supper will be enjoyed by the members of the class, official board and the choir before the regular business session. All members are requested to be at the church at 7 o'clock as the supper will be served promptly at 7:30 o'clock. Each lady is requested to bring a covered dish.

A very enjoyable time was spent Tuesday evening in the Sunday school room of the Methodist Episcopal church. When the Zanzima Bible class members, 30 in number, held an April Fool social with Mrs. John Perry, Mrs. Frank Welsh, Mrs. Frank Baker and Mrs. Frank Donaldson, as hostesses. The interior of the room was prettily decorated with potted flowers and lamps and a delightful evening was spent in sewing and social converse. The luncheon served was excellent with the exception of the candy which was one of the April Fool features.

Mrs. Joseph Lichter entertained an unusually good attendance of members of the Hebrew Mother's club in their regular monthly meeting last evening in the dining room of the Monier hotel, Sixth street. The business matters pertaining to the activities of the club were discussed, the ways and means of the Sunday school taken up and several charity cases brought to the attention of the club in the immediate vicinity were also discussed. Following the business session, a dainty luncheon was served by the hostess and a social hour was enjoyed, which concluded a most delightful evening.

**8160 MEMBERS
IN THE STATE**

A recent announcement by Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers, that there are 8160 members of the Brotherhood in the state of Pennsylvania, directed attention to the fact that Pennsylvania has the largest number of members of the Brotherhood of Locomotive Engineers of any state in the Union.

In addition to this large resident membership, there are many engineers who run into the terminals in Philadelphia, Pittsburgh, and the other large cities of the state daily. There are 902 divisions of the Brotherhood in the United States and engineers on more than 700 railroads are represented in this membership.

Through the financial ability of Warren S. Stone, the Brotherhood is engaged in some large business transactions, proving that labor can enter the world formerly dominated by capital. The latest financial venture of the Brotherhood is the new Co-operative Trust Company which was opened on December 29 at 33rd and Seventh avenue, New York. Few banks start with a permanent clientele such as the Brotherhood, with its thousands of families to draw upon. The opening of this trust company and the announcement that a charter has been obtained for another bank in Boston are the largest developments of the Brotherhood under the direction of the financial genius of Warren S. Stone. In the two months of its existence the New York City bank brought its total assets up to \$2,000,000.

Mr. Stone has been for twenty-one years grand chief of the organization, and during that time the Brotherhood has become a great power in business.

The Brotherhood maintains an insurance department and the dangerous occupation of the engineers is reflected in the terms of the insurance policies. An amputation or loss of sight is rated the same as death and the men so insured collect the full amount of their policy. About 100 men each month are lost in the organization through death or accident. The number of those killed or seriously injured in accidents is from 15 to 20 each month. This number is not so large when it is considered that there are 90,000 members. That the deaths and accidents do not make serious inroads in the membership of the organization is indicated by the fact that in

**FIVE EXAMINED IN
A KILLING CASE**

Chicago, April 3—(United Press)—Five suspects were examined by the police today in a hunt for the three bandits who killed a clerk and robbed a drugstore across the street from the city hall, while thousands of theatre patrons were jamming the sidewalk.

Joseph Maurer, 20, high school graduate, who acted as clerk in the drug store, was shot down because he refused to tell the bandits the combination of the safe, police believe. Indications were that he tried to grapple with the men.

**HEALTH OFFICER OF
McDONALD IS SUED**

James F. Maize of McDonald, has filed a suit against George Valley, of that place in which he claims \$326, alleged due for the destruction of a privy vault. The plaintiff avers that defendant without authority entered upon his, the plaintiff's property, and destroyed this vault. The suit is a sequel to a former criminal prosecution which Mr. Maize brought against the defendant. The defendant, it appears, was acting under authority of the health department of McDonald, and the action taken was because of an alleged nuisance complaint as to this vault.

**No More
Yellow Teeth!**

New Discovery Removes Stains—Whitens Teeth Instantly
A new harmless treatment has been discovered which—in just three minutes—gives dull yellowish teeth a beautiful pearly whiteness. This new discovery is called Bleachodent Combination. It consists of a remarkable liquid which cures and softens the stains—and a new kind of paste which gently removes them, and if used daily, prevents the formation of new stains.

All you need do is simply brush your teeth with a few drops of the liquid—then use the paste—and no matter how dull or discolored your teeth may have been—they quickly take on a new whiteness and lustre. Tobacco stains usually disappear after first few applications. Perfected by prominent dentist.

Children's teeth are especially subject to stains, tartar and decay. In removing the stains, and cleaning the teeth, Bleachodent Combination retards the formation of tartar and is a great aid in keeping teeth sound and healthy. It is antiseptic and generally beneficial to both teeth and gums. Only a safe, mild preparation like Bleachodent Combination should be used on children's teeth. Gritty pastes should never be used. Get Bleachodent Combination today. Costs only a few cents. Money back if not delighted. Sold by good dealers such as Piper's Pharmacy, Hennings' and Wagner's.

December there was a net gain of 226 in membership.

**BABE'S CHANCES
OF LIVING SAID
TO BE SMALL**

New York City, April 3—"A baby born under conditions as they are in this country today has only slightly more chance of living a week than an old man of 90."

Herbert Hoover made this astounding announcement here today on behalf of the American Child Health Association of which he is the head.

"For the last seven years an average of one baby out of every eleven born alive was lost," he said.

"While a high percent of the babies in this country are born normal, there is an accumulation of defects through the period of childbirth, so that a comparatively small percent reach maturity in normal health."

"The great bulk of American-born children have sufficiency of food are surrounded by parental care, but there is a surprising degree of under-nourishment and habits that produce bad health. Especially is this true in certain rural areas and in the large industrial centers."

"Through actual statistics collected, the American Child Health Association knows that about half as many babies as those who die after birth are lost before they are born. It knows that of the 200,000 babies who dies every year before they are a year old, it is a demonstrable fact that one-half die needlessly."

It is to remedy these conditions that the American Child Health Association led by Mr. Hoover, is working. To further the Association's plans, May 1 has been designated by President Coolidge and by the Governors of the 48 States as Child Health Day.

According to Mr. Hoover, this day will mark the beginning of an effort situation for one generation, so that our public health, our economic efficiency and stability of our people may advance three generations in one."

**MATERIALS DELIVERED
FOR ROAD REPAIR**

Materials to be used to resurface Lincoln Avenue Extension, a stretch of road that is in bad need of repair around Maple Creek to the foot of Colvin hill, are fast being delivered in that locality, preparatory to the starting of the work. Labor on the road will be begun within a number of weeks.

**TWO ELIZABETH YOUNG
LADIES ARE MISSING**

Bertha Wischman, aged 17, is missing as is also her sister, Nellie Wischman, 14 years old, both residents of Charleroi, and the parents of the girls have conferred with Chief of Police S. S. Burnsworth of Monongahela, asking the minion to assist in the search being made for them.

REVEALS NAMES IN NEW SOCIETY SCANDAL

Prominent families mentioned in country's latest divorce sensation

The same word that furnished the basis for the Teapot Dome Investigation plays a conspicuous part in A SOCIETY SCANDAL which was unearthed here this week. That is MONEY—and the story of how the facts were uncovered will be told next week in a startling, thrilling and romantic manner that will amaze the public. Some of the names of the prominent people who have been caught in this latest net are Marjorie Colbert, Harrison Peters and Hector Colbert, an represented in the social register. The unconventional actions of Marjorie under compromising circumstance

police said. Most of the victims were laborers. Authorities believe the poison was sold by druggists to the victims to bootleggers, who in turn distributed the poison liquor.

TOLD FORTUNES IN COFFEES

Magazine Printed in 1731 Tells of the "Famous Mrs. Cherry," Sceress.

Coffee has been put to many curious uses, according to William H. Ukers, author of "All About Coffee" (The Tea and Coffee Trade Journal Company, New York), but none stranger than the one described in an account, reprinted from an English magazine of 1731, of fortune-telling, or "divination" by coffee grounds.

The fortune-teller, or "diviner," described herself as "the famous Mrs. Cherry, the only gentlewoman truly learned in the occult science of tossing of coffee grounds, who has with uninterrupted success for some time past practiced to the general satisfaction of her female visitors. Her hours are after prayers are done at St. Peter's church, until dinner. (N. R.) She never requires more than one ounce of coffee from a single gentleman, and so proportioned for a second or third person, but not to exceed that number at any one time.)

"If this one ounce of coffee represented her payment for reading" the future, the charge could not be considered exorbitant," comments Mr. Ukers. She seems to have had less regard for her own fortune than for those of her patrons.

INQUIRY END IN SIGHT; SENATE IS TO SUMMARIZE

Washington, April 3. — (United Press).—With the end of their inquiry in sight, Senate oil investigators today prepared to translate the results of the scandal probe into definite results immediately.

The federal grand jury which meets here April 10 will be entrusted with criminal proceedings against at least five men whose names have figured in the oil inquiry. At the same time the committee will take two steps to make apparent to the country the concrete results of its months of work. These are:

1.—Preparation of a report which will sweepingly condemn policies followed with respect to the leasing of naval reserves.

2.—Presentation of amendments to the leasing law and probably some original legislation to prevent future disposition of any part of the public resources without a check by congress.

Senator Walsh of Montana, leading spirit in the investigation, is now at work on the proposed legislation. It will be impossible to get action on this at the present session of congress.

but Walsh and his colleagues want to have it introduced as soon as practicable as notice to the country that the committee intends to heed the lessons learned in the inquiry.

The report, which will cover millions of words of testimony, will apply in the main to the period since Walsh went to Palm Beach in January to question E. B. McLean, and is expected to be one of the most scathing documents ever presented to the Senate. It will condemn the turning over of the naval oil lands from the navy to the interior department, and the manner in which Teapot Dome and Elk Hills were leased to Sinclair and Doheny.

While Walsh and the committee are cleaning up the loose ends of the inquiry by seeking further evidence concerning the reputed "bartering" at the 1920 Republican national convention, government counsel are in constant touch with the probers, going over evidence for presentation to the grand jury.

At least five persons will be named in indictments to be sought on charges of conspiracy to defraud the government, it was indicated.

NOTICE TO ROAD CONTRACTORS.

Sealed proposals for the construction of the following County Roads will be received by the County Controller, at Washington, Pa., until 12 o'clock noon, Wednesday, April 23rd, 1924, bids to be opened at 1 P. M. on the same day in the Office of the County Commissioners.

The sections of road herein advertised will be improved as provided by an act of Assembly of May 11, 1911, known as the Adams Bill. Plans, profiles and specifications may be seen at the County Engineer's Office, where forms of proposal blanks, instructions for bidding and terms of contract may be obtained. The sections of road above referred to are as follows:

McMURRAY ROAD, SECTION NO. 4. Beginning at the village of McMurray in Peters Township and extending to the Allegheny County Line, a distance of 8,393 feet, more or less.

HILL CHURCH- EIGHTY-FOUR ROAD, SECTION NO. 4. Beginning at the end of the present concrete road at the Donaldson Farm, and extending southwardly to the end of the brick road near Wyland, a distance of 10,350 feet, more or less.

PIKE RUN ROAD, SECTION NO. 4. Beginning at the western end of the present brick road and extending westwardly to the Deems property, a distance of 3,600 feet, more or less.

GASTONVILLE-ELRAMA ROAD, SECTION NO. 3. Beginning at Station 138-50 and extending southeastwardly a distance of 5,625 feet, more or less.

All of the above roads are to be constructed of reinforced concrete, sixteen (16) feet wide.

Bids will also be received at the same time for the widening and resurfacing with Willite of the following sections of County Roads:

McCLANE'S BRIDGE-MEADOWLANDS ROAD, Beginning at the Pennsylvania Railroad, near McClane's and extending to Meadowlands, a distance of 5,280 feet, more or less.

HOUSTON-McCONNELL'S MILLS ROAD, Beginning at the western end of the present concrete road and extending westward to the Export mine, a distance of 8,000 feet, more or less.

Bids will also be received at the same time for the construction with Telford base and water bound macadam surface of the Short Creek Road, beginning at Station 136-30, near the village of Sparta, and extending westwardly to the village of Old Concord, a distance of 9,400 feet, more or less.

Each road must be bid on separately, and a certified check for \$1,000.00 must accompany each bid. The right is reserved to reject any or all bids.

T. J. UNDERWOOD, Ap 3 10 17 22. County Controller.

Watercress a Valuable Food.

Scurfield urges the greater use of watercress, which contains all three vitamins, as a food. Watercress is a cheap, green vegetable which, like lettuce, is eaten unspiced by cooking, but which, unlike lettuce, is available all the year round. Its more extended use may, therefore, be an appreciable help in remedying dietary errors caused by urbanization.—British Medical Journal.

Largest Coal Hoist.

The largest coal hoist in the world, operated by electricity, with a capacity of lifting 26,000 pounds and a speed of 4,000 feet a minute, has been recently installed in an American coal mine. Two 2,200-horsepower electric motors operate the hoist, upon which a coal car, with a load of 13 tons, is raised from the bottom of the mine to the coal dump above, a distance of 607 feet, in 10 seconds.

Where Moses Was Found.

Opposite Cairo lies the Island of Roda, where, according to Arab tradition, Pharaoh's daughter found Moses in the bulrushes. At the southern extremity of this island is the Nilometer, by which the rise of the Nile has been measured by the Cairenes for 1,000 years. It is a square well with an octagonal pillar marked in cubits in the center.

Tattooing.

It is impossible to say definitely where and when the custom of tattooing originated. Records of it are found in the tombs near Thebes, where there are painted representations of a race of white men whose bodies are tattooed. In Cesare's "Commentaries" we are told that the Britons were tattooed.

Odd Rents in England.

Many properties in England are still held on what seem to be the oddest of rents. The rent of one estate in Sussex, for instance, takes the form of a pound of black pepper each year, while another estate in Leicestershire is paid for by a garland and three roses.
